

Tinker's Creek Watershed Partners Business Member Services

Tinker's Creek Watershed Partners (TCWP) was initially formed as an alliance between the Tinker's Creek Land Conservancy and the Cuyahoga County Board of Health in 2005. TCWP has been an independent non-profit organization since 2006 providing assistance to local communities and creating partnerships to ensure the continued health of the Tinker's Creek watershed. Annual community memberships help us provide the following services to our business members.

- Provide materials on the economic incentives of watershed management.
- Provide recommendations for stormwater best management practices (BMPs) including erosion prevention and sediment control and riparian and wetland setbacks.
- Provide recommendations in retrofitting open spaces, such as parking lots and open plots of land, that will aid in watershed management, conservation, and pollution prevention.
- Include your business name and logo on our website, in relevant presentations and workshops, in the quarterly newsletter, and on social media.
- Provide a complimentary ticket to the annual Ohio Stormwater Conference valued at \$195.
- Recommend the business and services to community members and residents.
- Schedule a volunteer day with TCWP staff.
- Offer professional training opportunities and workshops on watershed management practices for a discounted fee.

Your membership with TCWP is tax-deductible and supports outreach and resources to promote watershed protection, like stream cleanups, watershed tours, and water quality monitoring!

A one-year business membership with Tinker's Creek Watershed Partners is available for 250.

Our Mission

The mission of Tinker's Creek Watershed Partners is to protect and restore water quality and habitats in the Tinker's Creek watershed through community partnerships.
