

HF&G Conservation Specialist

Contact for interested Members: Angela Brodie, NOWCorps AmeriCorps Program Director at angela@tinkerscreekwatershed.org or 330-963-6243. Applications preferred by July 22, 2022, but position is open until filled.

Tinker's Creek Watershed Partners (TCWP) is a non-profit, 501(c)(3) watershed organization officially established in 2006. Our mission is to protect and restore water quality and habitats of the Tinker's Creek watershed through community partnerships. The Tinker's Creek watershed drains 96.4 square miles and is the largest tributary to the Cuyahoga River. The watershed area spans 24 communities in Cuyahoga, Summit, Portage, and Geauga counties.

Together with our partners, **Holden Forests and Gardens (HF&G)** recognizes the importance of maintaining water quality throughout Northern Ohio. We also believe in educating the public and regional leaders to support behavioral changes that positively affect our water resources. The Northern Ohio Watershed Corps (NOWCorps) works with watershed groups, soil and water conservation districts, city and county government offices, and other conservation nonprofits to facilitate outreach, education, capacity building, environmental stewardship, and stormwater management.

Holden Forests & Gardens is making a positive impact in the region through urban greening and forestry initiatives, environmental research, nature-based educational programs, and world-class visitor experiences at its two campuses— the Holden Arboretum and Cleveland Botanical Garden . We envision a future in which all communities are transformed into vibrant places where trees, plants, and people thrive. Our mission is to connect people with the wonder, beauty, and value of trees and plants, to inspire action for healthy communities. The Holden Arboretum extends over 3,500 acres of natural forests and meadows, Outer Tree Collections, and deer-fenced cultivated gardens with woody and herbaceous plant collections. Our goal is to manage Holden's cultivated areas for aesthetic representation of our Collections and manage natural areas for the purpose of sustaining or increasing current levels of native biodiversity, with an emphasis on plants. Guests access gardens and natural areas through a comprehensive trails system. HF&G is one organization with two public campuses and an approach of unity and connection. Each campus has its own character expressed through natural and designed landscapes, climate, Living Collection displays, horticultural focus, and visitation trends. This role includes liaison with the Public Gardens as Sentinels for Invasive Plants (PGSIP) working group as HF&G upholds a role in identifying newly invasive plants in the NEO region. We seek to use each campus as an introduction to HF&G's broader mission work and encourage visitation to the sister campus to explore different landscapes. 2022 sees HF&G continue master site planning across both sites with the support of a globally renowned landscape architecture firm, NelsonByrdWoltz.

AmeriCorps, a federal agency, brings people together to tackle the country's most pressing challenges, through national service and volunteering. AmeriCorps members and AmeriCorps Seniors volunteers serve with organizations dedicated to the improvement of communities. AmeriCorps helps make service to others a cornerstone of our national culture. Learn more at AmeriCorps.gov.

Skills and Qualifications: Must have a high school diploma or GED. Must have a valid driver's license, be insured, and have own transportation; eligible mileage will be reimbursed for service-related travel. Must successfully pass a comprehensive background and criminal investigation check. Must have an interest in or plan to pursue a career in biology, natural resources, environmental education, forestry, horticulture, or related field. Must be self-motivated and able to work independently and in a team. Must possess good organizational and communication skills and be capable of working with little supervision. Must be able to develop and maintain effective working relationships with employees and the public. Demonstrates maturity, cultural competency, and garner respect of all populations. Experience communicating with diverse audiences preferred. Some working knowledge or experience performing land management tasks, identifying native and invasive plants, and using GPS and ArcGIS is preferred. Usual hours of service will be M- F during the hours of 7:00am – 5:00pm. The ability to serve flexible hours, including weekend days and some evenings, is needed. Scheduled hours may fluctuate, increase, or decrease in consideration of seasonal changes such as inclement weather or other extended activities.

The NOWCorps member will receive programmatic training in addition to site specific training. Programmatic training is provided monthly and covers a variety of topics. Training content may include, but is not limited to first aid, CPR, volunteer engagement, native species planting techniques, facilitating public involvement, environmental education, minimum control measures, and land management.

Location: ***The Holden Arboretum, 9550 Sperry Rd, Kirtland, OH 44094***

Reports to: ***HF&G Natural Areas Biologist, Rebecah Troutman***

Duties and Responsibilities of the AmeriCorps member serving this role:

General Member Responsibilities

- Promote the Northern Ohio Watershed Corps through education and outreach activities
- Enhance skills and knowledge applicable to position through participation in related workshops, conferences, and training
- Plan, Facilitate, and Participate in group service projects for National Days of Service
- Attend all NOWCorps required meetings and trainings
- Complete activity & data reports monthly, required timesheets weekly, and any other reporting in a timely manner in the OnCorps online system
- All other duties as assigned within the limitations of this member description

Host Site Specific Member Responsibilities

- Perform ecological restoration activities including control of invasive species through chemical and mechanical applications and planting native plants
- Engage in special projects with other NOWCorps members hosted at HF&G such as trail maintenance and gardens and collections maintenance
- Assist with monitoring in our natural areas including accurate record keeping and reporting
- Help propagate and maintain native plants in our greenhouse
- Use of GPS device and GIS map creation

- Creation and/or editing of educational content for the HF&G website, virtual classes, and in-person workshops
- Assistance with programming for volunteers and the public including occasional leadership at volunteer or public events
- Communicate to staff, volunteers, and the public about their work
- Safe operating of vehicles, equipment, and machinery: including ATV's, brush cutters, back pack sprayer, and hand tools
- Assist with Community Forestry initiatives (including but not limited to Tree Care program assistance, tree planting, and volunteer assistance) as needed.
- Occasional travel to Cleveland Botanical Gardens and other partner organizations in NE Ohio to assist with special projects, events, and/or presentations

Additional activities that fall within the goals of the program may be assigned with approval of the member, site supervisor, and NOWCorps staff.

Additional information: Holden Forests and Gardens is accessible to individuals with disabilities. **Holden Forests and Gardens**, Tinker's Creek Watershed Partners, and the Northern Ohio Watershed Corps will adhere to all regulations concerning nondiscrimination and equal opportunity regulations as outlined in federal and state law. This program will be made available to all without regard to race, color, national origin, sex, age, disability, political affiliation, sexual orientation, gender, gender identity and expression, marital or parental status, genetic information, military service, and religion.

Physical Requirements and Work Environment

The physical requirements and work environment described here are representative of those that must be met by an individual to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

This position requires the following:

- Working in variable weather conditions, at remote locations, on difficult and hazardous terrain, and under physically demanding circumstances
- Considerable physical exertion and/or muscular strain
- Ability to lift and carry 40lb back-pack sprayers
- Working with pesticides and other hazardous chemicals
- Manual dexterity to operate computers, ATV's, brush cutters, back-pack sprayers, and other tools and equipment
- Ability to write and speak clearly using the English language to convey information and be able to hear at normal speaking levels both in person and over the telephone
- Specific vision abilities required include close vision, depth perception, and the ability to adjust focus

Members will be provided training in the safe use of tools, equipment, and materials and will be given Personal Protective Equipment to minimize risks to extremes in health, safety hazards, and/or hazardous materials. Generally, the working conditions are good with little or no exposure to extremes in health, safety hazards, and/or hazardous materials. Though work is often performed in an office setting and outdoors, this person must have the ability to travel as required to work with Host Site staff/board, volunteers, etc. to participate in conferences and outdoor activities such as but not limited to site visits, volunteer or program activities, training events, and meetings.

Benefits: Member position begins October 11, 2022 and ends September 30, 2023. The member will be provided with a mandatory orientation October 11-14, 21, and 28, 2022 and relevant training monthly. This position is a **full-time member** position and requires a minimum of 1,700 hours of service over the service period. The member will receive a stipend of no more than \$20,000.00, and the stipend will be paid biweekly. The member is also eligible for health insurance through this position and may qualify for childcare assistance. If the term of service is completed successfully, the member may be eligible for a **Segal AmeriCorps Education Award** of \$6,495.00. The member will not be an employee of Holden Forests & Gardens and is not entitled to any of the benefits or compensation HF&G provides to its employees. Housing is not available.
