

NOWCorps Native Plant and Pollinator Specialist

Contact for interested Members: Claire Ilersich, NOWCorps Member Coordinator at claire@tinkerscreek.org or 330-963-6863 x5104. Applications preferred by August 1, 2023, but position is open until filled.

Tinker's Creek Watershed Partners (TCWP) is a non-profit, 501(c)(3) watershed organization officially established in 2006. Our mission is to protect and restore water quality and habitats of the Tinker's Creek watershed through community partnerships. The Tinker's Creek watershed drains 96.4 square miles and is the largest tributary to the Cuyahoga River. The watershed area spans 24 communities in Cuyahoga, Summit, Portage, and Geauga counties.

Together with our partners, **Holden Forests and Gardens (HF&G)** recognizes the importance of maintaining water quality throughout Northern Ohio. We also believe in educating the public and regional leaders to support behavioral changes that positively affect our water resources. The Northern Ohio Watershed Corps (NOWCorps) works with watershed groups, soil and water conservation districts, city and county government offices, and other conservation nonprofits to facilitate outreach, education, capacity building, environmental stewardship, and stormwater management.

Holden Forests & Gardens is making a positive impact in the region through urban greening and forestry initiatives, environmental research, nature-based educational programs, and world-class visitor experiences at its two campuses— [the Holden Arboretum](#) and [Cleveland Botanical Garden](#) . We envision a future in which all communities are transformed into vibrant places where trees, plants, and people thrive. Our mission is to connect people with the wonder, beauty, and value of trees and plants, to inspire action for healthy communities. The Holden Arboretum extends over 3,500 acres of natural forests and meadows, Outer Tree Collections, and deer-fenced cultivated gardens with woody and herbaceous plant collections. Our goal is to manage Holden's cultivated areas for aesthetic representation of our Collections and manage natural areas for the purpose of sustaining or increasing current levels of native biodiversity, with an emphasis on plants. Guests access gardens and natural areas through a comprehensive trails system. HF&G is one organization with two public campuses and an approach of unity and connection. Each campus has its own character expressed through natural and designed landscapes, climate, Living Collection displays, horticultural focus, and visitation trends. This role includes liaison with the Public Gardens as Sentinels for Invasive Plants (PGSIP) working group as HF&G upholds a role in identifying newly invasive plants in the NEO region. We seek to use each campus as an introduction to HF&G's broader mission work and encourage visitation to the sister campus to explore different landscapes.

AmeriCorps, a federal agency, brings people together to tackle the country's most pressing challenges, through national service and volunteering. AmeriCorps members and AmeriCorps Seniors volunteers serve with organizations dedicated to the improvement of communities. AmeriCorps helps make service to others a cornerstone of our national culture. Learn more at AmeriCorps.gov.

Skills and Qualifications: Must have a high school diploma or GED. Must have a valid driver's license, be insured, and have own transportation; eligible mileage will be reimbursed for service-related travel.

Must successfully pass a comprehensive background and criminal investigation check. Must possess or plan to pursue a college degree or equivalent education in biology, natural resources, environmental education, forestry, horticulture, or related field. Must have a positive attitude, strong work ethic, be self-motivated, and able to work independently and in a team. Must possess good organizational and communication skills (written and oral) and be capable of working with little supervision. Must be able to develop and maintain effective working relationships with employees and the public. Demonstrate maturity, cultural competency, and garner respect of all populations with experience communicating with diverse audiences preferred. Some working knowledge or experience performing land management tasks, identifying native and invasive plants, and using GPS and ArcGIS is preferred. Proficient wayfinding abilities and the ability to follow multistep directions. Demonstrated proficiency in software programs including all Microsoft Office (Word, Excel, Powerpoint).

Usual hours of service will be M-F during the hours of 7:00am – 3:30pm. The ability to serve flexible hours, including weekend days and some evenings, is needed. Scheduled hours may fluctuate, increase, or decrease in consideration of seasonal changes such as inclement weather or other extended activities.

The NOWCorps member will receive programmatic training in addition to site specific training. Programmatic training is provided monthly and covers a variety of topics. Training content may include, but is not limited to first aid, CPR, volunteer engagement, native species planting techniques, stormwater permit requirements, minimum control measures, facilitating public involvement, public education, and Good Housekeeping.

Location: ***The Holden Arboretum, 9550 Sperry Rd, Kirtland, OH 44094.***

Reports to: **Dawn Gerlica and Lori Gogolin, Senior Horticulturists**

Duties and Responsibilities of the AmeriCorps member:

General Member Responsibilities

- Promote the Northern Ohio Watershed Corps through education and outreach activities
- Enhance skills and knowledge applicable to position through participation in related workshops, conferences, and training
- Assist with fundraising designed to raise funds for activities such as member retreats and other program related projects (these efforts will not contribute to general operating costs for the organization or Host Sites)
- Attend all NOWCorps required meetings and trainings
- Complete activity reports monthly, required timesheets weekly, and any other reporting in a timely manner in the OnCorps online system
- All other duties as assigned within the limitations of this member description

Host Site Responsibilities

- Support the maintenance and expansion of the Myrtle S. Holden Wildflower Garden to allow access and immersion for the guest in areas showcasing native Ohio wildflowers collected from Ohio sources.

- Assess the existing collection of plants within the Wildflower Garden and the plant communities attempting to be represented by the habitats within the garden to determine what species are missing and needed for better representation.
- Collaborate with department staff to determine feasibility of housing potential new species within the Wildflower Garden
- Assist the monitoring of the known rare species plant populations (Heritage Species) with the HF&G natural areas. Assist or lead information gathering that would lead to the best practices for in situ and ex situ projects regarding the propagation and management, as approved by the Heritage Species Committee.
- Help to care for and maintain Arlene and Arthur S. Holden Jr. Butterfly Garden and surrounding areas.
- Assess existing collection of Butterfly Garden plants and determine which are host plants to Ohio's Lepidoptera. Through accession records, determine species of Ohio provenance.
- Decide what host plant species are needed in the Butterfly Garden to benefit pollinators most.
- Gain practical, hands-on experience in sustainable landscape practices and procedures.
- Gain practical, hands-on experience in safe operation of vehicles, equipment, and machinery: including ATV's, back-pack sprayer, and hand tools.
- Train and work with volunteer positions for garden management including occasional leadership at volunteer or public events.
- Produce reports to help guide the direction of the Horticulture and Collections team in their pursuit of quality plant collections and education.
- Promote the Holden Arboretum's gardens and the benefits of using native and pollinator plants for restoration through communications to staff and volunteers, and education and outreach activities to guests and public.
- Occasional travel to Cleveland Botanical Gardens and other partner organizations in NE Ohio to assist with special projects, events, and/or presentations
- Assist with Horticulture & Collections initiatives as needed.
- Develop and add to skills and capabilities through inhouse and external training.

Additional activities that fall within the goals of the program may be assigned with approval of the member, site supervisor, and NOWCorps staff.

Additional information: Holden Forests and Gardens is accessible to individuals with disabilities. **Holden Forests and Gardens**, Tinker's Creek Watershed Partners, and the Northern Ohio Watershed Corps will adhere to all regulations concerning nondiscrimination and equal opportunity regulations as outlined in federal and state law. This program will be made available to all without regard to race, color, national origin, sex, age, disability, political affiliation, sexual orientation, gender, gender identity and expression, marital or parental status, genetic information, military service, and religion.

Physical Requirements and Work Environment

The physical requirements and work environment described here are representative of those that must be met by an individual to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

This position requires the following:

- Manual dexterity sufficient to operate computers, ATV's, brush cutters, back-pack sprayers, and other tools and equipment
- Physical ability to kneel, bend, and perform light lifting, as well as light hiking into remote natural areas.
- Ability to write and speak clearly using the English language to convey information and be able to hear at normal speaking levels both in person and over the telephone
- Specific vision abilities required include close vision, depth perception, and the ability to adjust focus
- Working in variable weather conditions, at remote locations, on difficult and hazardous terrain, and under physically demanding circumstances
- Considerable physical exertion and/or muscular strain, Lift and carry 40lb back-pack sprayers
- Working with pesticides and other hazardous chemicals
- Members will be provided training in the safe use of tools, equipment, and materials and will be given Personal Protective Equipment to minimize risks to extremes in health, safety hazards, and/or hazardous materials. This person must have the ability to travel as required to work with Host Site staff/board, volunteers, other members, and the public, participate in conferences and outdoor activities such as but not limited to site visits, volunteer activities, and project meetings

Additional activities that fall within the goals of the program may be assigned with approval of the member, site supervisor, and NOWCorps staff.
